**DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL  
OF WEBSHOPPE COMMUNICATIONS, INC. TO COLLEGIATE INTERNET  
COMPANY, LLC**

**STREAMLINED PLEADING CYCLE ESTABLISHED**

**WC Docket No. 04-262**

**Comments Due: August 10, 2004**  
**Reply Comments Due: August 17, 2004**

On July 2, 2004, WebShopper Communications, Inc. ("WebShopper"), filed an application, pursuant to sections 63.03 and 63.04 of the Commission's rules,<sup>1</sup> requesting approval to transfer control of WebShopper to Collegiate Internet Company, LLC ("CIC" or "transferee") (collectively the "Applicants").<sup>2</sup>

Applicants assert that this transaction is entitled to presumptive streamlined treatment, pursuant to section 63.03(b)(1)(ii) of the Commission's rules, because the transferee is not a telecommunications provider. Applicants assert, in the alternative, that this transaction is entitled to presumptive streamlined treatment, pursuant to 63.03(b)(2)(i), because (a) the transferee will have less than 10 percent of the interstate, interexchange market following the transfer; (b) local exchange services will be provided in geographic areas served by a dominant local exchange carrier who is not a party to this transaction; and (c) neither of the Applicants is dominant with respect to any service.

Webshoppe is a privately held corporation organized pursuant to the laws of the State of Alabama. Webshoppe is a facilities-based competitive local exchange carrier authorized to provide local exchange, intrastate interexchange, interstate interexchange, and international telecommunications services in the state of Alabama. CIC is a privately held, limited liability

<sup>2</sup> Applicants are also filing an application for consent to transfer control of authorization for international services. Any action on this domestic 214 application is without prejudice to Commission action on other related pending applications.

corporation organized pursuant to the laws of the state of Alabama. CIC was organized for the purpose of being an internet service provider. CIC is not a telecommunications provider and has not previously received authority under Section 214. William O. Buchalter owns 93.75% of CIC.

On January 30, 2004, WebShoppe and CIC entered into an Operating Agreement. Upon consummation of the proposed transfer, CIC will own 100% of the outstanding shares of common stock in WebShoppe. WebShoppe will become a wholly-owned subsidiary of CIC, and will continue to operate as a telecommunications services provider under the name WebShoppe Communications, Inc. after the transfer.

The Applicants assert that the proposed transfer of control is in the public interest. Applicants assert that customers will continue to receive the same high-quality service at the same rates, terms and conditions. Significantly, customers should benefit from the proposed transfer, as it will ensure that WebShoppe has the capital necessary to grow and expand its business. The Applicants assert that the proposed transfer of control will also improve WebShoppe's overall financial condition by replacing high cost debt with lower cost debt, improving cash flow and thus enabling realization of significant economic and marketing efficiencies. The Applicants state that WebShoppe will then be able to compete more effectively and efficiently in the competitive telecommunications marketplace, by offering high-quality, cost-effective services.
